Submitter's Comments

I would just like to take this opprotunity to state that as a resident of New Lenox, I have noticed a minimal impact on traffic since the CN acquisition of the EJ&E Rail Line. I believe that all reasonable efforts have been made to minimize the impact on the community and would also like to respectfully remind all that the freight line has existed for quite a long time, thus nobody should be surprised that it will be used on a regular basis and also that the use of this line will have an overall positive impact on the rail traffic delays in the Chicago-land area.

Thank-you,

Ed Benson
