Ms. Lucille Marvin  
Director  
Office of Public Assistance, Governmental  
Affairs & Compliance  
Surface Transportation Board  
395 E Street, SW  
Washington, DC 20423

Dear Director Marvin:

Please find enclosed the status report for the month of August 2015 on operational matters related to CN's acquisition of the major portion of the Elgin, Joliet and Eastern Railway Company (EJ&E), as required in the Board's final decision served December 24, 2008 approving this transaction, and in the Board's subsequent decision served December 17, 2014.

The enclosed report provides information on the following operational matters:

- *Interchanges:* the report lists the number of cars interchanged at each interchange location on the EJ&E for August 2015 (with separate sheets showing cars delivered, cars received, and total cars interchanged), and includes a comparison of August 2014 and August 2015 interchange numbers at each location.
- *Railroad at-grade crossings:* the report identifies delays at railroad interlockings along the EJ&E line that occurred during August 2015.
- *Accidents and injuries:* the report provides the date and descriptive information about each accident and injury that occurred on the EJ&E line or on CN lines through Chicago during August 2015. This report includes all accidents and injuries reported to FRA for these lines, regardless of whether they fall below FRA's thresholds of significance. It also includes all incidents reported by CN to the Pipeline and Hazardous Materials Safety Administration (PHMSA) on DOT Form F 5800.1 (Hazardous Materials Incident Report). As reflected in this

month's report, there were no reportable accidents, injuries, or incidents this month.

- *Street crossing blockages:* the report provides data concerning each instance during August 2015 where a crossing was blocked on EJ&E for 10 minutes or more. This report includes two items: (1) a summary table and raw data for EJ&E crossings equipped with Remote Terminal Units (RTUs), which show all notifications from the RTUs of automated crossing warning device (ACWD) activations for 10 minutes or more, regardless of the cause, as reported by our vendor, Progress Rail; and (2) a monthly blocked crossing report for August 2015, which includes all known street crossing blockages on EJ&E lines of 10 minutes or more.

The total number of crossing activations of 10 minutes or more in August increased by 231 from July. This increase was largely due to minor variations in ordinary events affecting rail operations and small fluctuations in traffic levels. Of this month's total, 1102 activations (69.9% of the total) occurred at crossings located on segments that experienced transaction-related rail traffic changes and had, at the time of the transaction, vehicular traffic levels above the Board's threshold of significance for addressing vehicular delays. The remaining activations (475, or 30.1% of the total) occurred at crossings located on segments that either experienced no transaction-related rail traffic changes or had, at the time of the transaction, vehicular traffic levels below the Board's threshold of significance for addressing vehicular delays. (Included as part of these 475 activations are 96 activations at the two private crossings for which CN reports ACWD activations (an increase of 33 from last month)).

The modest increase in the total number of activations primarily affected three communities: Griffith, IN (which experienced an increase of 87 total activations across the 7 crossings in the community); Gary, IN (net increase of 63 activations across 12 crossings), and Joliet (net increase of 35 activations over 11 crossings). Most of the additional activations in Gary (41) are attributable to two lightly used crossings – Lehigh Cement and Center Street – while more than the entire net increase in activations in Joliet can be accounted for by 36 additional activations at two crossings – Collins St. and Royce Ave. – over which only non-CN traffic moves. These increases were somewhat offset by decreases in other communities, particularly in Plainfield, which experienced a decrease of 21 activations compared to last month.

There were 227 activations caused by the combined operation of more than one train, an increase of 68 from last month. There were 82 activations of 10 minutes or more caused by operations on other lines that cross or are parallel to EJ&E's lines and share crossing protection (a decrease of 17 from last month). Moreover, 8 activations occurred due to gate malfunctions with no train in the vicinity (a decrease of 12 from last month).

This month, 83rd Street (Montgomery Road) in Aurora, IL was closed to vehicular traffic between July 30th at 9:00 a.m. and August 4th at 9:00 a.m. CN also discovered this month that three RTUs, those located at Division Street, in Crest Hill, IL, Lockport Street, in Leithton, IL, and Naperville Road, in Plainfield, IL, were for a variety of reasons not properly receiving gate activation information and were thus not reporting that information. In each case, CN was able to locate the problem and repair the feeds to the RTUs, which are now reporting normally.

- *Train volumes:* the report provides train counts for operations over segments of EJ&E's principal lines and on CN lines through Chicago during August 2015. The report also includes foreign (*i.e.*, non-CN) trackage rights trains on CN-controlled segments inside the EJ&E arc.
- *Infrastructure projects:* this report provides a matrix showing the status of the infrastructure projects CN is undertaking along the EJ&E property in connection with the acquisition.

Please also note the following updates regarding other activities on the EJ&E in August 2015.

- On August 4, 2015 CN Police Special Agent Graf and the crew of Little Obie (a scale model of a CN locomotive which CN uses to educate children about railroad safety) participated in the Schererville Parks and Recreation summer camp safety fair. Little Obie was used to highlight railroad safety awareness and provided rides for the 120 summer camp participants. Special Agent Graf conducted eight modified Operation Lifesaver presentations, and railroad safety material was distributed.
- On August 4, Special Agent Graf and the Little Obie crew also participated in the Homewood Police Department *NIGHT OUT AGAINST CRIME* event. Little Obie was used to highlight railroad safety awareness and provided rides for the 800 people who attended the event. Special Agent Graf conducted 15 modified Operation Lifesaver presentations, and railroad safety and educational material was distributed.
- Also on August 4, CN Police Special Agent Jamieson participated in the Schererville, Indiana *NIGHT OUT AGAINST CRIME* event. Special Agent Jamieson distributed educational and safety material during the event to the estimated 3000 in attendance.
- On August 6, 2015, Special Agent Graf and police officers from Barrington, Barrington Hills, Lake Zurich, and Hawthorne Woods participated in the annual Police Cruise Night in Barrington, Illinois, hosted by the Barrington Police Department. Special Agent Graf set up an Operation Lifesaver Booth to highlight

railroad safety and awareness and distributed railroad safety material to the estimated 3000 people in attendance.

- On August 11, 2015, Special Agent Graf conducted a four-hour Grade Crossing Collision Investigation - Railroad Safety & Awareness Training Class at the Crystal Lake Police Department in Crystal Lake, Illinois. Twenty police officers from the police departments of the Cities of Crystal Lake, Des Plaines, and McHenry, the Villages of Huntley and Libertyville, and Boone and Lake Counties received instruction regarding investigation of grade crossing collisions, railroad notification, hazardous materials recognition, and safety training.
- On August 15, 2015, Special Agent Graf and the Little Obie crew participated in the Schererville Indiana Parks and Recreation Touch A Truck event. Little Obie was used to highlight railroad safety awareness and provided rides for the 1500 people who attended the event. Special Agent Graf conducted 15 modified Operation Lifesaver presentations, and railroad safety and educational material was distributed.
- On August 24, 2015, Special Agent and CN Patrolmen Hedgepath and Barajas teamed up with police officers from the CSX Police Department, NICTD (Northern Indiana Commuter Transportation District) Transit Police, NS (Norfolk Southern) Police, Indiana State Police, and the City of Gary Police Department to conduct a Joint Force Traffic Enforcement initiative in Gary, Indiana as part of Indiana Rail Safety Week. During the initiative, a total of seven traffic warnings were issued, seven warning citations were issued, and one trespasser was arrested.
- Also on August 24, CN Police Special Agent Conover and CN Patrolmen Satkus and Szostak teamed up with police officers from the CSX Police Department, NICTD Transit Police, NS Police, Indiana State Police, and the City of East Chicago Police Department to conduct a Joint Force Traffic Enforcement initiative in East Chicago, Indiana as part of Indiana Rail Safety Week. During the initiative, a total of 10 traffic warnings were issued along with five warning citations for railroad-related offenses.
- On August 25, 2015, CN Police Special Agent Boone and Patrolman Hedgepath teamed up with police officers from the CSX Police Department, NICTD Transit Police, NS Police, Indiana State Police, and the City of Hammond Police Department to conduct a Joint Force Traffic Enforcement initiative in Hammond, Indiana as part of Indiana Rail Safety Week. During the initiative, a total of five traffic warnings were issued along with 17 warning citations, and 3 trespassers were issued warning citations.
- On August 26, 2015, Patrolman Hedgepath teamed up with police officers from the CSX Police Department, NICTD Transit Police, NS Police, and the City of East Chicago Police Department to conduct a Joint Force Educational Initiative at

the NICTD train station in East Chicago, Indiana as part of Indiana Rail Safety Week. During the initiative, 2500 educational brochures were distributed to commuters riding NICTD trains into Chicago.

- Also on August 26, Special Agent Conover and Patrolmen Turner and Szostak teamed up with police officers from the CSX Police Department, NICTD Transit Police, NS Police, Indiana State Police, and the Town of Griffith Police Department to conduct a Joint Force Traffic Enforcement initiative in Griffith, Indiana as part of Indiana Rail Safety Week. During the initiative, a total of five traffic warnings were issued along with three warning citations, and two trespassers were issued warning citations.

Please do not hesitate to contact me if you or your colleagues have any questions on this report or need additional information on CN's Chicago-area operations.

Sincerely,

Theodore K. Kalick

\* In June 2013, CSXT acquired an exclusive permanent easement to operate CN segments 24, 25, 26, 27, and part of 23. Insofar as CN no longer dispatches these segments, it lacks the information and cannot report the number of non-CN trains.

Note: Due to rounding, some numbers may not appear to sum correctly.
